COMPREHENSIVE FUNCTIONAL ASSESSMENTS & OSTEOPATHY FEES

Thank you for your interest in The Maas Clinic and our bio-chemical/nutritional programs.

Many questions are asked regarding the fee structure for testing procedures and the recommended nutraceutical and nutritional programs that we put our patients on.

Due to the diversity of our programs it is impossible for us to give our patients a fixed cost on testing and supplementation charges. Each patient is an individual and requires different testing procedures and nutraceutical prescriptions.

As a **guide line** we provide you with the following breakdown of our in-house laboratory testing and osteopathy sessions:

Initial CFA Consultation per ½ hour	\$ 180.00BDS
<hr/>	
<u>1st AND SUBSEQUENT VISITS:</u>	
Laboratory testing which includes: BTA analysis (blood, saliva, urine) Clinical Microscopy (live blood analysis) Full physiological assessment Detailed Clinitek urine analysis	\$ 180.00BDS
Full blood chemistry panel (General Chemistry)	\$ 350.00BDS
Basic Metabolic Plus Panel	\$ 250.00BDS
Full Lipid Panel	\$ 210.00BDS
Consultation on above results per ½ hour	\$ 180.00BDS
TOTAL CFA TEST & CONSULT	\$ 1,170.00BDS

Extra testing may be required for **Blood Type Test \$ 45.00BDS**, **hemoglobin tests \$ 45.00BDS**, and **other ancillaries (e.g. Electromagnetic Therapy Patient Specific \$ 180.00BDS)** to give comprehensive results to enable the physician to more accurately design a program schedule specifically for each patient.

Initial Osteopathic visit per ½ hour \$ 180.00BDS

Subsequent visits per ½ hour \$ 180.00BDS

***This includes acupuncture, ONDAMED (Electromagnetic Therapy), Laser Therapy, Cranial Sacral Therapy, Muscle work and manipulations

PLEASE NOTE: Consultations & Osteopathic visits that extend beyond the allotted ½ hour session are charged at \$90.00 per 15 minutes

BARP MEMBERS RECEIVE A 15% DISCOUNT OFF OF OSTEOPATHIC TREATMENT & CONSULTATION COST

CHILDREN UNDER THE AGE OF 12 YEARS RECEIVE A 15% DISCOUNT OFF OF OSTEOPATHIC TREATMENT & CONSULTATION COST

DISCOUNTS ARE NOT APPLICABLE TO ANY LABORATORY TESTS

NUTRACEUTICALS:

Your vitamin prescription is **ESSENTIAL** for success in your program. The Maas Clinic recommends and sells only the top range "Physician-Based Formulations". These nutraceuticals are of such high potencies and high grades that only Physicians are authorized to prescribe them. These include vitamins, minerals, herbal singles and tinctures, probiotics as well as a full range of plant-based enzymes.

An approximate start-up cost for your vitamins is **\$ 500.00 BDS** BARP and CHILD DISCOUNTS do not apply to Maas Rx Inc.

NOTE: The Maas Clinic Inc. and Maas Rx Inc. are two separate and distinct companies. Please expect to pay them individually. We accept cheques, VISA, MasterCard, and Carifs debit cards.

Neither the Maas Clinic Inc. nor Maas Rx Inc. allow for any credit or charge accounts.

ALL payments must be made up front.

MEDICAL INSURANCE COVERAGE:

Laurens Maas is a registered Osteopath in Barbados & the UK, therefore, some treatments will be recognized by your insurance company. However, each insurance organization is different, so please check with your insurance company whether they will cover this particular type of treatment. Please ask at reception regarding our clinic's procedure of filing your claims.

Note: There is a minimum **\$90.00 BDS cancellation fee** for appointments that fail to show up after being confirmed the day before, i.e., 24 hours notice. The charge will be dependent on the type and length of test cancelled. This fee must be made on or before your next visit.

Thank You
